United Way's online Volunteer Center offers fun, flexible opportunities year-round. Give an hour or a Saturday, sign up for a special event, or take on frequent work matched to your special skills. Through our GetConnected website, you can choose nonprofit opportunities or we can match you up.

Day of Action is Frederick County's largest volunteer day and continues to grow. Every October, hundreds of volunteers get to work helping out the community. They tackle much-needed projects to feed, support, beautify, and enrich our community and our neighbors.

Last year 484 volunteers from 25 businesses worked on 42 service projects. Together they contributed 2,400 hours of service for a total impact in excess of \$70,000.
